Lunch sessions-e.docx

Hi David and Tami,

We have you on the schedule for May 11 at noon at the Alyeska Resort in Girdwood. You'll have 45 minutes over lunch, including time for questions. Any A/V needs?

A draft session description is attached, feedback welcome. The citations make the sources clear, but a little strange to read..

thanks,
Melissa

Melissa -- Thanks for the invitation. Tami Fordham and I would be happy to provide the federal perspective on the Bristol Bay watershed assessment. May 11 is the better date for us.

By way of introduction, I am normally a supervising attorney in EPA Region 10's Office of Regional Counsel, but in May, I will be the acting director of EPA's Alaska Operations Office. I can provide a broad brush overview of our ongoing assessment work. Tami is the EPA tribal coordinator working on this project and can speak to the tribal outreach that is underway in the Bristol Bay watershed.

David, I wanted you to be aware of this request. This group contacted Rick Parkin. Rick got back to them that Tami and you would be attending and providing some information/background on EPA's effort to undertake a watershed assessment for Bristol Bay. Since I will not be here in May, you or Tami should respond to them and let them know whether you and Tami will attend.

Hi Tami and Christine,

Here's links to the River and Submerged Lands Management Workshop program:
<http://www.river-management.org/interagencyworkshop.asp>
<http://www.river-management.org/pdfs/Workshops/2011WorkshopProgram.pdf>

We would like to offer two luncheon speaker sessions to discuss the federal and state roles in evaluating development prospects/permits and managing water resources in Bristol Bay. It would be ideal if you or someone from your staff would discuss the watershed assessment on either Tues. May 10 or Weds. May 11 at noon for up to 45 minutes, including time for questions.

Tom Crafford with DNR has agreed to provide the state perspective. If possible, we need to confirm your participation by the end of this week, receive a brief bio and program description, and know whether you'd prefer to speak on May 10 or 11. Tom is flexible for either date.

Thanks for your help and for all you're doing to protect Bristol Bay!

Looking forward to hearing from you,
Melissa

Hi Melissa, Will you please send information on your workshop to Tami Fordham and Christine Psyk at the email addresses above? Tami will probably attend the session, perhaps with the Acting Alaska Operations Office Director. Thank you.

Hi Rick,

Thanks for your call the other day. If you have suggestions for folks in-state that I should contact directly, please pass their names along.

Thanks!
Melissa
